Lycée du Parc

Lyon, France

Classe Préparatoire aux Grandes Écoles (ECS) – Intensive program in maths and geopolitics

2019 – 2021

- Relevant coursework: Probability & Statistics, Random Variables & Distributions, Linear Algebra, Analysis

WORK EXPERIENCE

Amazon Web Services (AWS)

Paris, France

Cloud & AI Sales

Apr 2026 - Oct 2026

- Co-led the **\$1M Mechanism** for AGS EMEA, an AI-powered deal qualification and acceleration mechanism serving **140+ ENT AMs** across **\$175M** of qualified pipeline; re-architected its data pipeline into an agentic ETL on Amazon Quick feeding a native app dashboard, replacing a manual weekly refresh.
- Selected by a Senior GenAI GTM Tech BDM to build an **AI matching agent** pairing AI-frontier-model startups with AWS enterprise customers: a partnership model landing startups their first reference customers

Tradition Securities and Futures

Paris, France

B2B FinTech SaaS Sales

Jul 2024 - Dec 2024

- Served as the primary point of contact, leading onboarding and adoption during the launch and scaling of a B2B FinTech platform to **30+** institutional users (CACIB, BNP, Goldman Sachs), contributing to **€7M in revenue**
- Collaborated closely with product managers and developers to translate client needs and issues into product improvements, support deployment, and ensure alignment between enterprise users and technical teams, leading to a 35% increase in client satisfaction and a 300% increase in revenues generated within three months
- Developed a VBA-based tool to support brokers in market-making activities for 2–25 year core government bonds across France, Italy, and Spain, driving a 5% increase in executed deals, generating **€1.5M in annual revenue**

LEADERSHIP & PROJECTS

Daily Drill - AWS Certification Prep App

May 2026

- Built and deployed a spaced-repetition web app (**1,100+** questions across 3 exam decks) adopted by **25+** AWS interns and designated the cohort's official certification revision tool
- Secured buy-in from AWS Tech University to integrate the app into their internal training platform

LLM Strategic Benchmark Research

Oct 2025

- Built a Python multi-agent simulation of the Undercover social-deduction game to benchmark how LLMs detect deception: Gemini reached **93% precision** identifying the impostor while DeepSeek showed a **57% friendly-fire rate**, exposing hallucination risk in cooperative tasks

Upward (EdTech)

Remote

Co-founder

Jan 2025 - Jun 2025

- Built a network of 10+ trained Ivy League-educated freelance instructors and led go-to-market strategy (pricing, branding, B2B/B2C outreach)
- Reached out to French corporate professionals in target roles, achieving a **20%** outreach-to-client conversion rate, successfully converting 1300+ prospects into clients
